

## From Yard to Garden: The Domestication of America's Home Grounds (Hardback)

By Christopher Grampp

Center for American Places, US, United States, 2008. Hardback. Book Condition: New. 234 x 178 mm. Language: English . Brand New Book. The garden means more to Americans than simply the plants it contains: it is a gathering place, a retreat from the demands of daily life, and an extension of the family home. The history of the American home garden is fundamentally interwoven with our national culture and character, and Christopher Grampp reveals this fascinating story through engaging text and numerous images. In the early 1800s, Americans employed their home grounds for agriculture, sustenance, and domestic activities. Grampp takes this as the starting point for his narrative, from which he tracks the evolution of the American front and back yards as the nation evolved from an agrarian to an industrial economy. He connects the emergence of the modern home garden to the rise of suburbanization, the growth of city services and the post - World War II baby boom, which established the single-family home and its grounds as the ideal American dwelling. From Yard to Garden argues that the home garden is best understood as an expression of habitability, or the ways in which Americans have collectively and individually transformed their...
