

Origami Architecture: Papercraft Models of the World's Most Famous Buildings (Mixed media product)

By Yee

Tuttle Shokai Inc, Japan, 2011. Mixed media product. Book Condition: New. 306 x 238 mm. Language: English . Brand New Book. Build detailed and impressive models of world landmarks with this beautiful origami book. The incredible splendors of some of the world's most recognized architectural feats are brought to life within the pages of Origami Architecture. With this paper craft book, some card stock paper, and a hobby knife, anyone can build spectacular re-creations of the most famous buildings in the world. Based on the extraordinary models of world-renowned papercrafter, and origami artist Yee, whose own remarkable origami recreations of these very same models sell for thousands of dollars, these paper replicas are nearly as impressive as the original buildings. Yee provides detailed instructions on how to cut and assemble these architectural landmarks from around the world. Yee even engineered half of these designs so they could be assembled without having to use glue. The origami projects have a range of difficulty levels, from the relatively easy (Arc de Triomphe) to the impressively sophisticated and intricate (The Tower Bridge). Once the structure is attached to the base not only will it look amazing, but it can be folded...

Reviews

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
